

SGAP's Year in Review 2022

In 2022, SGAP built new partnerships and now works with a number of leading civic education organizations, including:

- CivXNow Coalition, a project of iCivics
- Discovery Education
- Bridge Alliance
- Divided We Fall
- Congressional Management Foundation
- Civic Genius

“Through my National Write Your Congressman membership, I can contribute teaching aids and materials to the local high school teacher in Political Science to aid in their ability to teach their subject and help their students learn the value of knowing how our government works. I am happy to report that my teacher and her classes are above average in their performance and grades in the subject area. She truly appreciates the contribution to her success.”
